

Aria[®]
Metal Hardware

introducing our new
Antiquities collection

The AriA[®] Metal Hardware line now offers four designer hardware collections providing a beautiful range of finial designs and a full line of coordinating accessories across two pole diameter options. The new larger 1 3/8" diameter **Antiquities collection** expands the line to offer updated traditional finial designs in layered, multi-pass antiqued finishes with innovative functional accessories. The 1 1/8" diameter **Artisan, Abode** and **H-Rail** collections are designed to work seamlessly with each other allowing you to create customized mix-and-match decorative hardware designs and solutions. All collections are touched with the signature look of AriA[®] Metal Hardware.

Antiquities collection

The Antiquities collection evokes a modern interpretation of traditional silhouettes embellished with multi-pass antique finish options in a larger scale 1 3/8" diameter, creating an expanded portfolio of stunning metal hardware window design options.

Reimagining the classics, this collection was designed to maximize style, scale and functionality offering a refined drapery hardware selection that complements a range of window treatment styles.

Artisan collection

With this collection, we are focused on the art of detail. Our philosophy is to incorporate innovative design techniques and diverse materials into a stylish drapery hardware offering.

The Artisan collection features unique glass, wood, stone and metal finial combinations designed to evoke the essence of one-of-a-kind artisanal details that will elevate your customized window treatments to the level of high design.

Abode collection

The Abode Collection is elemental and essential. Each finial has been designed to transcend time while combining the elements of quality, beauty and value.

The transitional style of the AriA® Abode collection combines hints of traditional design with soft modernism creating a sleek, bold and sophisticated hardware collection. Create a complete custom experience for those who enjoy window treatments with an unpretentious sophistication.
